# DELHI-NCR
## DATA CENTER (NCR-1)

NCR-1 is located in Noida in Uttar Pradesh, half an hour south east of central New Delhi, in India's National Capital Region (NOI). The 6,500m$^2$ /200 KW carrier-neutral data center operates to the highest standards, with extensive physical security, Uptime Tier III certification plus a range of third-party accreditations. The facility interconnects with MUM-1 and NCR-1, thus offering the rich network, cloud and service provider ecosystems including multiple on-site carriers, all major clouds, over 200+ ISPs and three major Internet Exchanges that NCR-1 provides.

**WHY CHOOSE NCR-1?**

> **CONNECTIVITY**
> Diverse inter-connection fiber paths between MUM-1 and NCR-1

> **SECURITY**
> Six-layer physical security with robust redundant design

"

A CRITICALLY IMPORTANT ASPECT OF OUR BUSINESS CASE WAS FINDING A PARTNER WHO NOT ONLY MET OUR RENEWABLE ENERGY REQUIREMENTS BUT ALSO UNDERSTOOD WHAT WE WERE TRYING TO DO AND COULD HELP US TO ACHIEVE OUR GOALS. WITH IRON MOUNTAIN, WE FOUND A PARTNER WHO COULD DO ALL THAT — IN WAYS THAT GAVE US A COMPETITIVE ADVANTAGE

- AKAMAI

## IRON MOUNTAIN®
### DATA CENTERS

**SERVICES**

> Smart Hands
> Migration
> Cross Connects
> IP Transit
> Metro Wave
> Peering
> Cloud On-Ramp

**INTERCONNECTION**

> Carrier and cloud-neutral for a thriving ecosystem
> All major cloud providers, SDNs, CDNs, IXs and global tier 1 networks
> Huge range of global and regional networks
> Hundreds of ISPs and MSPs

Our NCR-1 campus is suitable for all network, content and enterprise customers, with a comprehensive range of secure space options, sector-specific standards, and power configurations.

| Quick Reference Guide for NCR-1 | | |
|---|---|---|
| **Campus** | **Data Center** | **Interconnection** |
| IMDC Web Werks facility | Uptime Tier III | 8 leading carriers |
| 0.8-acre site | 6,500 m²/200 KW | Easy cloud access |
| Excellent transport links | Scalable to 12 MW | 200+ ISPs |
| Diverse power supplies | 6 physical security layers | DE-CIX, Extreme-IX & NIXI |
| 30 mins from Indira Gandhi International Airport | Redundant MMRs | Diverse fiber paths |
